Thanks Joe,

I didn't hear that yet, but that's good. There will be plenty of time for Shaun to visit CFAC. Rob and I will be at Columbia Falls tomorrow meeting with the Flathead Board of Health and the County Commissioners will be there as well.

It's beautiful here in Libby today, I was in Kalispel at a trap shoot this weekend and it rained on Saturday with high winds and it snow a little on Sunday. It paid off though as I won 4 of the 6 events and was HOA (High Over All) shooter for the weekend.

Have a good day,
Mike

Hi, Mike:

I don't know if you've seen this, but the Columbia Falls Aluminum Company site tour has been removed from the itinerary for Shaun's trip to Montana next month. Let me know if you have any questions or if you need anything else. I hope everything is going well up there this week. It's snowing here.

Thanks,

Joe

Subject: Update on McGrath trip to Montana - May 25-June 2, 2015

Folks: Here is an update to the draft itinerary for Shaun's trip to Montana the end of May for tours and mid-year. I am including some folks on this distribution so you know what topic areas Shaun may be covering in your program areas. Meanwhile, let me give you a status of the changes from previous draft.

- In order to give Shaun a full day to tour the National Drought Resiliency Partnership watersheds, I have Shaun arriving on Memorial Day May 25 for the tour of Granger Ranchers and meeting with Jeff Laszlo. Lisa –can you confirm that Mr. Laszlo can meet on Monday?
- May 26 is reserved for Tina and Lisa to take Shaun to see more of the Madison, Ruby and Jefferson drainages and get back to Helena.
- May 27 is mid-year meetings. Rebecca Russo is still working on times with Congressional and/or staffers. I will try to fit in time to meet with Ron deYong at Department of Agriculture. Wendy Thomi and I will work on a Queen City Crossing/6th Ward Tour for Deb Thomas.
- May 28 I have Shaun going to Great Falls in the morning for a Brownfields tour. Danny, you can fly into Helena the night before or we could hook up with you in Great Falls. Alfreda, I have rearranged the afternoon of May 28 to meet with tribal council and Blackfeet Environmental Protection Office. For Alfreda and Sarah, let's discuss if you also want to fly into Helena and travel with Shaun to Browning or meet us there.
- On May 29, I cancelled the tour of the Columbia Falls proposed Superfund site at the advice of the team. That leaves the morning open for Danny to conduct a Brownfields tour of Kalispell sites and get down to Pablo at a more reasonable time. I am suggesting a lunch and meeting combination with Mike Durglo and his staff and a 2 pm meeting with Chairman Finley and tribal council.
- Alfreda, you could fly out of Missoula late Friday.
- I am asking Sara to give Shaun a tour of the Smurfit- Stone area and set up some meetings with local and county interest groups. I recommend this tour start at 10:30 am on June 1 in the morning to give Sara time to drive over from Butte.
- Danny, can have the rest of the day on Monday to set up a Brownfields tour in the Missoula area.

Betsy: I am happy to work with you on setting up hotel reservations, i.e., where to stay. We can also get reservation for EPA staff who are part of the tours.

Just let me know how this needs to be continued to be tweaked and what other help you might need with logistics.

Thanks! Julie
